Winter 2020!

INTRO TO DATA SCIENCE FOR BIOLOGISTS
BIS 015L CRN#77417 (2 units)

In this course, we will develop skills in data organization, transformation, analysis, and visualization using the R programming language.

Topics will include:
Data organization and best practices
Data transformation and analysis
Data visualization in the form of charts and plots

The course will meet once a week, Fridays 2:10-4:00p, 2102 SCC.
